Good afternoon,

PLEASE SEE BELOW THE UPDATE FROM THE CITY. Please contact them with any questions.

Within the next 2 weeks we will make another pass through Country Creek to pick up storm debris. The normal yard waste pick up (bundled and bagged by our guidelines) is on Wednesdays and we did Country Creek yesterday. However, since the yard waste is so much from the Hurricane, we will not be going through Wednesday (10.23.2024) of next week. We will only be able to do the East Side of I-4 next Wednesday. Please inform your residents about next Wednesday so they do not place bundled and bagged yard waste out. After next Wednesday we will resume normal Wednesday yard waste pick-ups.

Guidelines for storm debris pick-up from our webpage:
